

MOM
(Master of MCSE)

MOM offers you the most effective way to prepare for all seven Microsoft Certified Systems Engineer (MCSE) exams. MOM provides a realistic test environment, so you will be fully prepared to take the actual MCSE exams!

- **Convenient Anytime, Anywhere Test Preparation**
- **Experience the Exam Process BEFORE Taking the REAL Exams**
- **Questions and Environment Similar to Actual Exams**
- **Practice for ALL SEVEN MCSE Exams**
- **Test Mode for Timed Exams**
- **Study Mode for Help as You Practice**
- **Provides Score and Reports Weak Areas You Need to Improve**
- **Runs Right from Your Hard Drive for Easy 24/7 Access**

MCSE WIN 2000 CERTIFICATION MEANS SUCCESS!

As an MCSE for Windows 2000, you will have the ability to effectively plan, implement, maintain and support information systems in a wide range of computing environments using Microsoft's Windows 2000 and other Microsoft Server products. Along with these skills come increased job opportunities and financial rewards.

THE SURE WAY TO PASS THE MCSE EXAMS!

No matter how good the training materials, just studying for the MCSE exams is not enough. You still have to pass the difficult and tricky MCSE exams.

MOM includes two different modes: Test Mode and Study Mode. Test Mode features a timed testing environment, just like the real MCSE exams, with a scoring report when you complete the test. The report will indicate any weak areas in your knowledge so you can pinpoint exactly where you need to improve. Study Mode is designed specifically to help you gain further knowledge by providing feedback on questions and correct answers as you need them.

MOM INCLUDES TESTING FOR:

- **Exam 70-210: Installing, Configuring and Administering Microsoft Windows 2000 Professional**
- **Exam 70-215: Installing, Configuring and Administering Microsoft Windows 2000 Server**
- **Exam 70-218: Managing a Microsoft Windows 2000 Network Environment**
- **Exam 70-220: Designing Security for a Microsoft Windows 2000 Network**
- **Exam 70-088: Implementing and Supporting Microsoft Proxy Server 2.0**
- **Exam 70-028: Administering Microsoft SQL Server 7.0**
- **Exam 70-217: Implementing and Administering a Microsoft Windows 2000 Directory Services Infrastructure**
